My first "Lego" package

I very enjoy constructors. I can spend a day to build something with Lego, and my parents know it. When my dad was in Moscow he bought for me a present.

It was a box with Lego. Although, it doesn't be expensive, but for me it ^{is} was very "Fantastic!". Box was not very big, because there is just a police car, boat with robber and a little island, where was hide a little diamond. And but many constructors on my "collections", original Lego was very expensive for me.

After that, I start collect interesting package, and ¹⁰⁰ now in my collection is 10.000+ Lego bricks. But I never miss my first. Now it ^{is} placed on my work table. Although Of course it's not a very "interesting" possession, for me It's the one of most expensive "objects" in my live
